LIVE UNITED

Investing in our future

WHERE WE LIVE MATTERS

WHAT WE DO.
Our mission is to build a stronger community by uniting people and resources to solve problems and improve lives.

WHY WE DO IT.
LIVE UNITED is a constant reminder that when we as individuals think outside ourselves, we have the power to facilitate change. When we think of others’ lives as linked to our own, our compassion grows. When we reach out a hand to one, we influence the condition of all. We build the workable, vibrant neighborhoods. We bolster the health of our communities. And we change the lives of those who walk by us every day.

I LOVE GREEN COUNTY!
Now that I have been in this position for a couple of years, there are two questions that I get asked the most. The first is, “What is United Way?” United Way of Green County is hyper local and has a unique perspective of community needs – unlike any other organization. Our goal is to work collaboratively to take a hard look at the entire community, assess the needs, develop an action plan, and, most importantly, work to take action on the things that are most important. It is a true partnership with many incredible community organizations and programs. Together, by celebrating our strengths, embracing our diversity, and working collaboratively to address community issues, we can do what no one person or organization can do alone. I am so thankful to be a part of United Way and helping with this important work.

The second question I often get asked is, “Why do you support the United Way?” When I think about donating, I think hard about where to give. There are many things in our community that I care about – supporting our children and youth, taking care of peoples’ basic needs like food and housing, supporting and improving mental health, ensuring access to health care, and creating vibrant communities. I have learned that making a single donation to United Way of Green County helps address ALL of these needs, along with many more. When I support United Way, I know that my donation is invested where it is needed most and invested in programs that are effective, accountable, and focused on addressing the most critical needs of people right here in Green County. Simply put, I believe that a gift to the United Way of Green County is the single most powerful way to make a difference in our community. I love Green County and I want to make a difference!

Together we’re making a difference
A COMMUNITY UNITED IS A COMMUNITY WHERE WE CAN ALL THRIVE

EDUCATION
You can help our children grow and thrive. United Way works collaboratively with many community partners to provide increased access and exposure to early, high quality educational opportunities for our kids. Together, we are creating communities where we all thrive and where everyone feels welcomed, valued, and included.

FINANCIAL STABILITY
You can help our neighbors connect with the critical resources they need to be able to stay in their homes, maintain employment, and continue to be an integral part of our community, our workforce, and our economy. Together, we are providing opportunities for people to move forward from uncertainty to stability.

BASIC NEEDS
You can help ensure everyone in our community has enough food to eat, a place to sleep, access to dental care, and access to mental health and other preventative healthcare services. Together, we are creating communities where we all thrive and where everyone feels welcomed, valued, and included.

What issues are we trying to solve?

- Food Insecurity: 17%
- Basic Needs: 18%
- Health & Wellness: 14%
- Children & Youth: 25%
- Support for Victims of Abuse: 20%
- Community Programming: 6%

Every year a group of dedicated volunteers look at community needs and allocate resources to support programs and organizations that are working to address those needs all throughout Green County. The graph below shows how donations were distributed last year.

What solutions do we invest in?
