BE THE CHANGE

How can we  
**BE THE CHANGE?**

We can come together, united in our purpose and common values. We can mobilize the best resources and inspire others to join us. We need people who know that at the core of every person is the desire to belong and lift each other up. We need people who recognize the power that comes from a shared purpose. We need people who understand that to **BE THE CHANGE**, it takes us all working together.

**LIVE UNITED** is a constant reminder that we have the power to **BE THE CHANGE**. When we think of others' lives as linked to our own, our compassion grows. When we reach a lending hand to one person, we influence many others. When we work to strengthen one neighborhood, we improve the health of our entire community.

Please take a look at our wish list and help us reach our goals! Together, by celebrating our strengths, embracing our diversity, and working collaboratively to address community issues, we can do what no one person or organization can do alone. **Together**, we can **BE THE CHANGE**!

Teresa Keehn, Executive Director, United Way of Green County

TOGETHER WE'RE MAKING A DIFFERENCE

WHERE WE LIVE **MATTERS**

The opportunity for a good life begins with our families and our communities. It is when we partner together that we can take on the hardest challenges and tackle the most critical problems. That is why the United Way of Green County is working to bring resources together to solve problems that no one organization can address alone.

We are a non-profit organization governed by volunteers from throughout Green County. We unite people to build a strong community through service to others, creative problem solving, and collaboration. We match community needs with community resources, and provide financial, educational, and networking opportunities for local non-profit agencies. We **LIVE UNITED**. Please join us!
